EXPERIENCE

Full Stack Developer

Dec 2025 – May 2026

Solution IT BD

Bogura, Bangladesh

- Spearheaded the end-to-end customization and delivery of complex enterprise systems including multivendor e-commerce, POS, hospital and school management platforms using PHP and Laravel.
- Accelerated product delivery and boosted workflow efficiency by taking full technical ownership of the development lifecycle to deploy scalable web solutions.

Jr. Software Engineer

June 2025 – Dec 2025

Atmotech IT & Software Firm

Bogura, Bangladesh

- Engineered scalable backend modules utilizing PHP and MySQL, enforcing clean code architecture to significantly improve long-term system maintainability and reliability.
- Architected and deployed robust RESTful CRUD APIs, streamlining data flow and ensuring seamless integration across core backend services.

PROGRAMMING SKILLS

Languages: C, C++, Java, PHP, Python, JavaScript

Technologies: Laravel, MySQL, Android (Java/XML), REST APIs, Git

Machine Learning: Data preprocessing, transfer learning, fine-tuning, model evaluation

COMPETITIVE PROGRAMMING

ICPC Asia Dhaka Regional: 2022, 2023 | IUT IUPC 2024

PROJECTS

Sentinel

[GitHub](#)

AI-powered surveillance system using CNN+LSTM to detect abnormal activities such as fighting, fire, and accidents from live CCTV streams. Includes RTSP streaming, real-time alerts, and interactive visualization. Achieved 87.06% binary and 81.25% multi-class accuracy.

Real-Time Bangla Sign Language Interpreter

[GitHub](#)

Real-time BdSL interpreter using YOLOv8 for detection and ConvNeXt for recognition. Trained on 11,774 images across 49 classes, achieving 98.03% test accuracy with real-time visualization, sentence formation, and text-to-speech output.

LanCon

[GitHub](#)

Android-based LAN chat and file-sharing application for offline Wi-Fi communication.

EDUCATION

University of Rajshahi

Passing Year: 2025

B.Sc. in Computer Science and Engineering

CERTIFICATIONS

Google Project Management (Coursera, 2024) | **Software Engineer** (HackerRank, 2024)

LEADERSHIP EXPERIENCE

President, TEC Programming & Robotics Club

Aug 2022 – Aug 2023

Organized programming contests, conducted workshops, and managed club operations.
